Vision & Purpose of the mission team: WUMBA World

Together with WMB Kids Ministry, we are taking WUMBA across the globe to minister to children and to train and equip ministry leaders. Sharing WMB’s philosophy of outreach and ministry with kids, we are excited to impact the next generation of disciples and leaders in Manila.

The team will facilitate two projects during this trip,

- ‘WUMBA World’ day camp for kids and youth connected to IT Tender: we have a lot of freedom to shape the content and activities of this camp, including ideas such as music & worship, sports, drama, bible teaching, literary and reading, practical seminars, etc.
- Leader Development: discipleship of youth/young adult leaders serving in the IT Tender ministries and a teacher training seminar for the staff of IT Tender, including practical resourcing and an exchange of ideas & stories.

In addition, the team will build relationships with IT Tender staff, as we seek to encourage them and serve in ministry together. The team will also participate in cultural learning experiences and prayer ministry.

Dates:

May 2018, between May 1-21
